

# TM Case – Manage Safety Assessments – 7 – Safety Intervention Step Action Table

## User

Case Worker and Case Worker Supervisor assigned to the Assessment or Case County.  
Primary and Secondary Worker assigned to the Assessment or Case.

## Process

This step action table describes the actions needed to view or edit the Safety Intervention section of a selected Safety Assessment.

## Introduction

- This is **Module 7: Safety Intervention** of eight (8) modules in the *Manage Safety Assessments* process. Please ensure you have completed **Module 6: Current/Impending Danger Conclusion** before beginning this module.
- You will be able to update the Safety Intervention section if the Safety Assessment is not approved.
- The Safety Intervention panel only displays if the Current/Impending Danger is NOT CONTROLLED FOR response is selected in the Current/Impending Danger Conclusion section.

## Important Note:

The steps demonstrating how to navigate to the *Safety Assessment* will be provided in the future as the navigation process is finalized.

This step action plan will provide the steps for completing the Safety Assessment details after it is created or accessed from an Assessment or a Case.
